

SOURCE MATERIALS REQUIRED FOR DIGITAL MAP FINISHING

- ❑ Digital cultural and hydrographic (optional) feature files
 - DLG-3 format by **quadrangle** for ALPS (labeling program). (Pending new labeling program (Arc Coverages Only with Next Release DMF Software Estimated Date 10/02)
 - Same datum as SSURGO data and publication imagery
- ❑ Data meet criteria in Missouri DMF Data Development Checklist
- ❑ DRGs in same datum as other digital layers
- ❑ Map Finishing Conventions for individual state (what is shown and any specifications)
- ❑ Source note info (agency from which data was collected, etc.)
- ❑ Hard copy of publication imagery (most important for analog ortho base)
- ❑ Paper topographic quadrangles with features to be map finished highlighted in suggested colors:
 - Highway numbers - Orange
 - Cemeteries – Pink
 - Hydrology text – Blue
 - Land features – Green
 - Towns – Yellow
 - Roads – Orange
 - All boundaries – Orange
 - Manmade buildings – Purple
 - Railroad text – Yellow
- ❑ Index map showing:
 - Correct quadrangle names
 - Sheet numbers
 - Names of adjacent survey quadrangles
- ❑ Classification and Correlation Document including 37A
- ❑ County highway map
- ❑ State highway map showing population of cities and towns
- ❑ Recent published soil survey from your state to use as an example
- ❑ Contact information for your state

Send materials to: USDA-NRCS
601 Business Loop 70W
Parkade Center, Suite 250
Columbia, MO 65203
Attn: Pat Nance

Missouri DMF Site Contact Information:

- ❑ SSURGO/DMF Manager:
 - Caryl Radatz
 - 573-876-9428
 - caryl.radatz@mo.usda.gov
- ❑ Lead DMF Technician:
 - Pat Nance
 - 573-876-9379
 - pat.nance@mo.usda.gov

Please contact the Lead DMF Technician about 90 days in advance of sending the project to our site so digital publication imagery can be ordered if needed.
